25X1A

Dear Bruce:

25X1A

 has discussed with me your continued interest in coming to work with us and we are, of course, delighted. We have taken several steps to try to improve the data on which you might come aboard. As I now understand it, you anticipate being in the United States about the 26th of July. We can arrange for some final interviews and medical tests to be made early in August if you could indicate the earliest date at which you could be available. The other departments which are concerned are attempting to complete all of their work so that a firm offer could be made to you by the 15th of August.

Although I am sure you appreciate the fact that no firm commitments can be made prior to the completion of the final interviews, everything appears at this time to be proceeding a bit better than normal, and we hope to have everything wrapped up within about two weeks after you are available.

We appreciate your continued interest and are anxious to have you with us. Please call on me if I can provide any further details.

Sincerely,

25X1A
